Biography

I am currently a researcher at project-team ARLES at INRIA Paris-Rocquencourt, prior to which I received a Ph.D in Computer Engineering at the University of Southern California under the guidance of
Professor Viktor Prasanna
, and a B.Tech in Computer Science and Engineering from the
Institute of Technology, Banaras Hindu University
.

Research Interests

My research interests include supporting high-level programming for sensor networks, and larger-scale pervasive systems. I was involved in work on the ATaG macroprogramming language and the the Srijan macroprogramming toolkit during my PhD. Nowadays, I am also interested in Middleware for Mobile Social Ecosystems
.

Publications

A list of my recent publications is here .
