

Ongoing European Projects

- [CHOReOS](#) -- ICT FP7 IP - Large Scale Choreographies for the Future Internet [Since 10/10]
- [NESSoS](#) -- ICT FP7 NoE - Network of Excellence on Engineering Secure Future Internet Software Services and Systems [Since 10/10]

Ongoing National Projects

- iCONNECT -- Inria ADT - Emergent Middleware Enablers
- [Yarta](#) -- Inria ADT - Mobile Social Middleware

Inria Associated Team Program

- [ForeverSOA](#) : A rigorous approach to the evolution of service-oriented software. Associated team with the University of Ioannina, Department of Computer science, Apostolos Zarras.

Participation to European Working Groups

- [RISE](#) -- ERCIM WG - Rapid Integration of Software Engineering Techniques
- [STM](#) -- ERCIM WG - Security and Trust Management

Past Projects (listed from most recent)

- [CONNECT](#) -- ICT FP7 FET IP - Emergent Connectors for Eternal Software Intensive Networked Systems [Since 02/09]
- [Eternals](#) -- ICT FP7 FET CA - Trustworthy Eternal Systems via Evolving Software, Data and Knowledge [Since 03/10]
- [ASA](#) : Assisting the development of dynamic distributed software systems for next generation ubiquitous communication and computing infrastructures. Associated team with the Universita dell'Aquila, Dipartimento di Informatica, Inverardi Paola. Formally ended 2009 but collaboration ongoing.
 - [SemEUsE](#) -- ANR TechLog - SEMantique pour bUS de sERVICE
 - [ITEMIS](#) -- ANR ARPEGE - IT and Embedded Integrated Systems
 - [Srijan](#) -- Inria ADT - Data-driven Macroprogramming for Heterogeneous Sensor Networks
- [Exoticus](#) -- Pole de Competitivite SYSTEM@TIC - Etude et eXperimentation des outils & technologies IMS compatibles avec les usages [2007-2009]

- [PLASTIC](#) -- IST FP6 STREP - Providing dependabLe and Adaptive Service Technology for pervasive Information and Communication [2006-2008]

- [Amigo](#) -- IST FP6 IP - Ambient Intelligence for the networked home environment [2004-2008]
- **MR_SDP** -- Alcatel - Service Discovery for Multi-radio Networks [2005-2006]
- **DYONISOS** -- Carroll-Thales - Dynamic Organization and Instantiation of Systems-of-Systems [2006-2007]
- [CorSS](#) -- ACI - Composition and Refinement of Dependable Systems
- [UBISEC](#) -- IST FP6 STREP - Ubiquitous Networks with Secure Provision of Services, Access and Content Delivery [2004-2006]
- [iTrust](#) -- IST FP5 WG - Working Group on Trust Management
- [OZONE](#) -- IST FP5 - New Technologies and Services for Emerging Nomadic Societies [2001-2004]
- [CaberNet](#) -- IST FP5 NoE - Network of Excellence in Distributed and Dependable Computing Systems
- [DSoS](#) -- IST FP5 - Dependable Systems of Systems [2000-2003]
- **FAMA** -- Inria/ICCTI Cooperation - Framework for Architecture Manipulation and Adaptation
- [VIVIAN](#) -- ITEA - Opening mobile platforms for the development of component-based applications [2000-2002]
- [C3DS](#) -- Esprit LTR - Control and Coordination of Complex Distributed Services [1998-2001]
