

Premia version 17 Team

March 11, 2015

Premia 17

The version 17 of Premia has been mainly developed by:

- [Jérôme Lelong](#) is Assistant Professor at Ensimag Grenoble.
- [Antonino Zanette](#) is Professor at Udine University.
- [Aurélien Alfonsi](#) is Assistant Professor [C.E.R.M.I.C.S.](#) .
- [Ahmed Kebaier](#) is Assistant Professor at Paris 13 University.
- [Ludovic Goudenege](#) is Researcher at CNRS.
- [Céline Labart](#) is Assistant Professor at Savoie University.
- [Xiao Wei](#) is Assistant Professor at School of Insurance, Beijing
- [Oleg Kudryavtsev](#) is Professor at Russian Customs Academy Rostov.
- [Richard Fisher](#) is a P.H.D. student at [C.E.R.M.I.C.S.](#) .
- [Lokman A. Abbas-Turki](#) is Assistant Professor at Paris 6 University.
- [Mengjie Zhang](#) is a Master student of Central University of Economics and Finance of Beijing. She write algorithms for pricing Variables Annuities with Fourier cosine methods under the supervision of Ludovic Goudenege and Xiao Wei.
- [Ricardo Rincon](#) is a Master student of Paris 13. He write algorithms for pricing European Options in the Heston model with the Tse Wen method under the supervision of Ahmed Kebaier.

- [Jean Philippe Chancellier](#) is Professor at [C.E.R.M.I.C.S.](#) .
- [Anton Kolotaev](#) is a engineer at [I.N.R.I.A](#) .
